

DELAY BOXES

SEE OUR COMPLETE LINE OF PRODUCTS AT RaceDigitalDelay.com

Improve your performance with the best selection of industry leading delay boxes!

ELITE 500 is our top-of-the-line delay box and the first to feature Multi-Tap capabilities! Take Multiple Taps with a single press. Tap Up and Down on the same pass. The Pro Mode allows complete delay box functionality with 2 dedicated 4-Stage Timers! Large, built-in LED for the Driver's Reaction Tester. DRT keeps track of fastest, slowest, current and average.

ELITE 95 is the smallest delay box with a full-size keypad on the market for Bracket or Throttle Stop racing. The Driver's Reaction Tester has new built-in LED and the ability to display the DRT average. Other features include CrossTalk push-button mode, and Tap Up & Down ability on the same pass.

MEGA 450 is loaded with racer-requested features including backlighting, and up & down arrow keys to make quick changes. Enjoy the ability to Tap to 1000ths of a second. Features two record speeds, 15 & 30 seconds. The Pro Screen allows for independent settings for both Pro and Bracket racing.

Our **DIAL BRACKET** is made of chromed solid billet aluminum to enhance the look of your dragster. It is easy to mount and has a built-in tail light. Match your dragster's Mega Dial display board with either red, green, or blue LED tail lights.

SWITCH PANELS

State-of-the-art Switch Panel products available in three versatile configurations!

MEGA DIAL PANEL combines a Controller, Relay Board, Display Board and wire kit. 6 dual & triple position switches control the most important functions of your car. The built-in Dial Board Controller plugs directly into the supplied Display Board. The Relay Board includes dedicated relays, fuses, & indicator lights for each switched output.

MEGA PANEL combines a Switch Panel controller, Relay Board and wire kit all-in-one. A unique start button and 6 dual & triple position switches control your car's most important functions. Comes with the same Relay board as the Mega Dial Panel, capable of handling up to 100Amp load.

SWITCH PANEL is the industry's highest rated standalone unit with a load total of 70Amps. 6 switches control your Starter, Ignition, Fuel Pump, Fan/Water Pump, Head/Tail light, and Aux 1/Aux 2. Each output has an independent fuse, and push-on spade plugs for ease of use with the supplied wiring kit.

MEGA DIAL allows you to avoid dial-in errors while providing the ability for fast second changes. Store 2 Times in memory and benefit from the lowest amp draw of any product on the market. The Display Board comes in 3 colors. High intensity LEDs make sure your Dial-in is seen day or night.

Quality Railroad Documentaries

from videographer Sean Ropchan

2816 EAST
THE RETURN OF DOMINION'S DREAM

2816 EAST
THE RETURN OF DOMINION'S DREAM

Written and narrated by Stan J. Smail, this documentary relives the history of the legendary CPR Hudson locomotive 2816, and highlights her victorious return home to Montreal in the Spring of 2004. Features the original song "Dominion's Dream," written and recorded for this event.
